

Competition Guidelines.

This manual outlines guidance and rules for the running of Competitions and Handicaps at Scarborough South Cliff Golf Club and it is subordinate to the Rules of Golf as published by the R&A and to the World Handicap System as laid down by England Golf and Congu.

The Handicap Committee and Chairman of Golf shall be responsible for enforcing the rules laid down. Any appeals against their decisions must be made in writing within seven days and will be heard by the Handicap Committee in the first instance. The England Golf Rules of Appeal are available online or displayed at the Club.

All competitors are responsible for adhering to the 'Rules of Golf'

To gain a Handicap

A member obtains a Handicap index by posting score cards totalling 54 holes (3 x 18, 6 x 9 or a combination of both) marked by another member and posted in the competitions box on the day of play. Evidence of a reasonable standard of golf is expected prior to being given a Handicap Index.

Scores for initial handicap must be marked by a person acceptable to the Club's Handicap Committee.

Competitions

The Club competitions entry limits are shown as Playing Handicap:

Handicap Index – personal to you and is updated after each qualifying competition.

Course Handicap – Your Index shown as shots received when playing from the White, Yellow or Red Tees on our Course. A conversion chart is used to convert the Index to Course Handicap.

Playing Handicap – The Course Handicap adjusted by the Allowance for a particular Competition (i.e. Stableford or Medal the Allowance is 95% of Course Handicap).

See Attachment 1.

In most cases, COURSE HANDICAP and/or PLAYING HANDICAP is used to calculate competition results.

Competitors score cards **SHOULD** show the COURSE HANDICAP and preferably also the Handicap Index. The Handicap Committee will be responsible for applying the Handicap Allowances where appropriate, to determine the winners of competitions. The Handicap Allowances are set by the World Handicap System (Attachment 1).

Handicapping

1. The Club competitions operate under the rules of the World Handicapping System GB&I.
2. All Individual Strokeplay Competitions Played over a Measured Course will be Qualifying Competitions.
3. All Cards for Qualifying Competitions **MUST** be posted in the Competitions Box.

4. The Club operates a Player Score Input system (PSI) and each player is responsible for the correct input of his score at the end of each round. The Scorecard remains the sole requirement for scoring in the Competition.
5. A Member obtains a Handicap Index by presenting a CDH number from another Club or by posting score cards totalling 54 holes (3 x 18 holes, 6 x 9 holes or a combination of both) signed by another member into the Competition Box, evidence of a reasonable standard of Golf is expected prior to being given a Handicap Index.
6. Members with prior Golfing experience are expected to inform the Club Manager of this prior to being allocated a Handicap Index.

Handicap Qualifying scores in the Winter.

Under the WHS the following rules apply to handicap qualifying rounds in the winter.

1. Preferred Lies
Can only be taken on closely mown areas (areas cut to fairway height or lower). The ball must be moved within 6" of the original lie, no closer to the hole.
Our 'Winter Local Rules' permit preferred lies anywhere on the course, this is for non handicap qualifying rounds only.
2. Fairway Mats
You can still submit a score for handicap using fairway mats, as long as mats are only required on closely mown surfaces – fairway height or lower. The mat must be placed as near the ball as possible, and the ball can be cleaned.
Our 'Winter Local Rules' permit players to pick the ball off the fairway and walk 90 degrees to the nearest rough and place it in the rough, this is for non handicap qualifying rounds only.
3. Bunkers
Our 'Winter Local Rules' state that "When a player's ball lies in a bunker the player may take free relief once by placing the ball within 6 inches, not nearer the hole and still within the bunker. The player may rake the bunker before taking relief." This is for non handicap qualifying rounds only.
If all of our bunkers are marked "Ground Under Repair" they are treated as "Abnormal Ground Conditions" and relief can be taken. Handicap qualifying scores are still acceptable under these conditions.
4. Temporary Greens
Up to two temporary greens in operation permit scores to be accepted for handicap purposes.
